

"U.S. Citizen" Challenge

Do you live within the 10 square miles of Washington, D.C.?	Yes	No
Do you live in American Samoa, Guam, American Virgin Islands or Puerto Rico?	Yes	No
Do you work for the Federal Government?	Yes	No
Do you currently serve in the Military?	Yes	No
Are you in a Political Office?	Yes	No
Have you been granted Political Asylum?	Yes	No
Are you a welfare recipient?	Yes	No

If you answered "No" to all, you are probably **not** a U.S. Citizen! Look into correcting your status and freeing yourself from "U.S. Citizen" **debt-slavery**.

U.S. Citizen vs. American State National

- U.S Citizens **cannot own** physical land. They are tenants not landlords.
- In all cases where U.S. Citizens live in homes, they only have **tenant** rights, even if their Mortgages are paid off.
- If Property Taxes (**rent forever**) are not paid, people can lose their property.
- Once a man or woman declares their proper American status on the Public Record **everything changes**.
- American State Nationals (ASNs) are **exempt** from Federal Income Taxes.
- ASNs can obtain allodial (true ownership) **property titles**.
- ASNs do not live in Washington D.C. and they are not Federal employees.

The American Civil Peace Flag

The American Civil Peace Flag was first flown in 1767 when the "Sons of Liberty" rebelled against the Stamp Act.

They hung a British East India Company flag sideways and flew it from the "Liberty Tree". The **vertical stripes** signify people's independence and sovereignty from the Crown. Prior to the Federation calling the 50 State Assemblies back into session, this flag had not been flown since the "Civil War".

Assembly Rescue Mission

Repopulate the Michigan **Land and Soil** with living American people.

The Primary Job of a Government is to Protect its People

The entity 'acting' as the current American Government is a bankrupt foreign-owned and operated **corporation**. It is a subcontractor claiming to be in the business of providing governmental services, while fraudulently trying to claim **ownership** of living people, for profit, without full disclosure. **Does this sound like protection to you?**

You can **peacefully** remedy this confusion! Learn how to reclaim your unalienable **American Birthright** and be part of the solution at:

Three Constitutions?

Did you know there are actually **3 Constitutions**? They are three separate contracts of three different Governments with three separate Federal Subcontractors: (1) the defunct and thus far never "reconstructed" Confederation, (2) the British Territorial (Commonwealth) Government, and the (3) Municipal (Holy Roman) Government. Who knew?

What is a Constitution?

A "Constitution" is a **debt agreement**. It lays out services to be provided along with who is responsible for providing these services. For example: a contract between **the People** (Employer) and government (employees).

About Birth Certificates...

Have you ever examined formal documents received in the mail, such as a Driver's License or a Birth Certificate? Did you notice the names are spelled in all **CAPITAL LETTERS**?

Why is the Mother listed as 'Informant' on the Birth Certificate?

Have you ever looked at the two dates on a Birth Certificate?

The Birth Date and...

The Registration Date

Did you know registering things **surrenders** ownership to someone or something else?

Were you ever informed that when a formal birth certificate is registered, several fictitious **STRAWMEN** are created?

Were you ever told that registering a Birth Certificate creates fictitious entities, and they are spelled like, and sound like, your gifted birth name, only in **ALL CAPS**?

Have you thought about why formal Birth documents are printed on **bond paper**?

Would you guess Birth Certificates are **bonds** (IOUs)? Who owes what to whom and why?

Original Birth documents are stored at the Department of **Commerce** in Washington, D.C. Why are they stored there?

Could foreign corporations be posing as the American Government, populated with fake persons called U.S. Citizens and MUNICIPAL citizens, both created by the Birth Certificate identity theft scam? **YES!**

So...what are you going to do about it?

We Have The Solution!

State of Michigan and STATE OF MICHIGAN are both **incorporated franchises**, fictions, populated by fictitious persons or **PERSONS**, aka - **U.S. Citizens** or **MUNICIPAL citizens**. Persons are granted benefits and privileges. They do not have any Rights. Remember, that which is given, can be taken away.

Did you know, each state is a **nation**, and Americans acquire their nationalities from their birth State, not the Federal Government?

Michigan is unincorporated. It is the actual land and soil where people live. **Living people** have Rights. If you were born on, or naturalized to any of the 50 states, you can lawfully claim your status as an American. In doing so, you can rejoin the General Population as a living man or living woman under common (sense) law.

Here is what you can do:

Step 1

Go to **www.themichiganassembly.org** and learn about the fraud committed against you and the steps we are taking (with your help) to correct the situation.

Step 2

Find out how to **correct your status** and why it is important to regain your footing as an American.

Step 3

Work with a State Recording Secretary following an efficient step-by-step process to **come home** to the Land and Soil.

Step 4

Join the assembly and help reconstruct our lawful government!
