To: TMA GA

On April 1st, 2024, during a special GA meeting with Anna von Reitz regarding infiltrator disputes being advanced on public channels, when Linda Marie Johnson got a chance to speak, she told 3 blatant lies to Anna herself and the GA at large on Michigan.

1. That she had been prevented from coming back to The Michigan Assembly after the meltdown in 2021 for some 2 years. Fact: She left since we were dissolved at the time, and we did not hear from her for some 2 years or so. When she did come back, we accepted her according to the protocols in TMA Roadmap, which she agreed to on or about June 9th, 2023.
2. That she had been booted from TMA GA, which is simply not true. She has been invited to all closed GA meetings, and has attended most since she came back. At no point was Linda even being considered for dismissal up to April 2024.
3. That TMA Litigation Team had not helped her at all during her troubles with the local corporate "government" and court system. Linda Marie Johnson had brought her troubles with her on that count, which included her accepting or being named as a Trustee of a relative's trust, which put her into probate court. We had no information on it at first, and later when the Litigation Team had information to pass on, tried to help her. Our role is to pass along ASN remedy information or point her to the sources wherein she can find the correct information. It is up to her as an ASN to know what she's talking about and defend her own rights as she is the only one with standing for her name estate. Whether or not she listened to them and used the information passed on is not TMA's responsibility.

TMA Roadmap is very clear: There is to be no lying on Michigan, as per TMA Roadmap IID Standard of

Conduct Item 5 and 7b. Therefore this is 3 violations of her ASN Agreement, i.e., she did not honor her word, nor has she honored her word according to her Affirmation of Purpose and Conduct.

Lying is an intolerable behavior on Michigan, and these instances are cumulative.

The 4th instance of intolerable behavior is attempting to co-op/hijack the meeting of April 2nd with comments that were out of order, an attempt to impose British parliamentarianism on TMA with a surprise "nomination" to move that Anthony Foxx be made Marshall at Arms, a position he is not qualified for, nor has he made any moves to follow TMA Roadmap protocol to earn. TMA Roadmap IID Standard of Conduct Item 7h.

The 5th instance of intolerable behavior is personal attacks via email to TMA Coordinator on April 18th, 2024 at 6:07am with irrational ad hominem attacks and profound vulgarity in an email (see email below). TMA Roadmap IID Standard of Conduct Item 7a.

The 6th and 7th instances of intolerable behaviors is found in the same email as above wherein there is at least one threat and at least two accusations of treason, both are intolerable warmongering and cannot stand, even if they were the only things at issue. TMA Roadmap IID Standard of Conduct Item 7g, and AVR Article #4251.

TMA Roadmap Standard of Conduct calls for the permanent dismissal of anyone committing intolerable acts after 3 instances, which dishonors themselves and goes against their own Agreement to the TMA Roadmap. Additionally, according to AVR 4251 the Federation of States does not tolerate warmongering or insurrection, particularly with accusations of treason because it would put an assembly into a state of war and a cause for dissolution, which TMA is not going to do at all; we will not put our our assembly into danger of dissolution for cause. We are at peace and are owed the Law of Peace from the British Territorial-, the Municipal-, and our own jurisdiction... and each other. Every ASN/ASC owes every other the Law of Peace.

Therefore, Linda Marie Johnson is duly and with cause permanently suspended and removed from The Michigan Assembly. Additionally, her email referenced above is sufficient to also claim that she has withdrawn her agreement to TMA Roadmap. One thing is sure: Linda Marie Johnson has permanently removed herself from TMA.

Sincerely,
